

# The Kelly Family, No Lies

It's lonely tonight  
you not here to talk to you  
you're not here to talk to you  
We don't have to give  
tell me what to do  
I'm seen around my life  
with ladies on both side  
You don't have to give  
excuse yourself  
You don't have to give  
explain yourself  
No lies  
I want no lies from you  
No lies  
I want no lies from you  
One put on the right  
the other on the left  
soon I've to decide  
what about my life  
I've got fans and friends  
inside my heart  
but I'm not to play around  
Like a doll  
No lies  
I want no lies for me  
No lies  
I want no lies for me  
It's lonely tonight  
you not here to talk to you  
you're not, you're not around  
you're not here to talk to you  
No lies  
I want no lies for me
