

# The Kelly Family, Oh Johnny

oh johnny  
won't you come back  
to me, to me  
oh johnny  
won't you come back  
to me, to me  
oh johnny  
I don't forget her  
when she was singing  
I was a child  
screaming for butter  
she said to me  
no my baby  
don't you worry  
it will be alright  
All our voices are right  
"keep on singing"  
she said.  
All our voices are right  
"keep on singing"  
she said to me.  
she said to me  
do your dutties  
don't you worry  
it will be alright  
they're giving angels  
big white wings  
don't you worry it will be alright.  
All our voices are right  
"keep on singing"  
she said.  
All our voices are right  
"keep on singing"  
she said.  
oh johnny  
won't you come back  
to me, to me  
oh johnny  
won't you come back  
to me, to me  
oh johnny  
oh johnny  
won't you come back
