

The Kelly Family, Red Shoes

Put on the red shoes that you want to
put on the red shoes that you like
put on the red shoes that you never wore before
put on the red shoes, put on the red shoes that you like
Put on the red dress that you want to
put on the red dress that you like
put on the red dress that you never wore before
put on the red dress, put on the red dress that you like
Everybody's dreaming and so am I
Put on the red shoes that you want to
put on the red shoes that you like
put on the red dress that you never wore before
put on the red shoes, put on the red dress that you like
I'll take you tonight where you want to
and dance with you all night long
I need you more than I ever needed someone
put on the red shoes, put on the red dress that you like
Everybody's dreaming and so am I 2x
Put on the red shoes, put on the red shoes,
put on the red shoes that you like
put on the red shoes, put on the red shoes,
put on the red dress that you like
