

The Kelly Family, What if love..

[Its easy when youre sorry and youre lonely]
I knew a girl that spied on her boyfriend
In case he might miss and fall, he just might miss and fall.
She said: Its not that I dont trust him,
Ive just got to be sure, Ive just got to be sure.
I know this kid that signed himself into a gym,
His pals keep nagging him about his chicken chest.
Well, youll never get a girl that way,
Youve got to pump up.
What if love isnt only about,
And if love isnt only about two people in love with themselves, honey?
What if love isnt only about,
And if love isnt only about two people involved with themselves, oh yeah
[Its easy when youre sorry and youre lonely]
Tom goes to law school, his father wants him to.
Youve got to make me proud, son, youve got to fill me in,
Youve got to, youve got to live the life Ive never lived.
Julies got a baby, now no one invites her to party,
Kids are too inconvenient these days.
Julie dont care, she dont miss anything.
Cause if love isnt only about,
And if love isnt only about two people involved with themselves, honey?
What if love isnt only about,
And if love isnt only about two people in love with themselves, oh oh oh
Row, row, row down the river,
Row, row, row down the road, (9x)
