Pull up to the crib, walk in, I'm countin' blues up with my bitch
My baby, that's my twin, gate outside, you can't get in (Get in)
Heart cold as my wrist, what I spent on that, one sixty
I'm doin' the most, vacation off the coast
I'm at the crib, just me and my bitch, security with the pole
And actually, you're the one for me, I can't let you go
Red carpet pics, we pose, windows open, we smoke the roach down

Tell me just one more time
You put it on your life
I'm sick of wasting time
You know I am
I need some peace of mind
I wanna leave the country
Baby, come with me, let's ride

Two AM on the beach front, smoked so much, I can't think
I'm very stressed, pop a lot of X, that's the type of shit that we on
I'm carin' less on why to guess, and she got me 'cause I know what she on
Double Cs, what she wants
Walked in, bought three of 'em, I swear

Tell me just one more time
You put it on your life
I'm sick of wasting time (Yeah)
You know I am
I need some peace of mind
