

# The Kid LAROI, You

Used to want guap and the fame, but shit is not the same now  
I was right with you in the night, I was gone when the sun came  
I used to think I was never wrong and all you would do is complain (Complain, and that's on me)  
So, uh  
I see it all now that my ego calmed down  
I don't even know why you were keepin' me around  
I think I lost count of the tears that dropped now  
I won't ever hurt you again, uh  
Always listen, never taught, never need shit  
Tried to walk but I never had a reason  
I'm never havin' second thoughts that I need you (I know I need you)

We weren't workin' out  
'Til we ended up workin' out  
I can hear you saying, "Don't hurt me now"  
Ain't nobody else (Ain't nobody else knows)  
We weren't workin' out  
'Til we ended up workin' out  
I can hear you saying, "Don't hurt me now"  
Ain't nobody else (Ain't nobody else knows)

I swear I get so high that I don't see shit  
Back of the whip, feeling sea sick  
I admit it gets hard when I'm leaving  
I say that I love you and I mean it  
Don't know what it is I've done to receive this  
And I know you have a hard time believin'  
I swear I'm done, you were all that I needed  
So, uh  
I tell you shit that nobody else, nobody else knows  
Nobody else, no  
And I don't wanna be with nobody else, nobody else, no  
Forever, forever, forever

We weren't workin' out  
'Til we ended up workin' out  
I can hear you saying, "Don't hurt me now"  
Ain't nobody else (Ain't nobody else knows)  
We weren't workin' out  
'Til we ended up workin' out  
I can hear you saying, "Don't hurt me now"  
Ain't nobody else (Ain't nobody else knows)

Ain't nobody else knows  
Ain't nobody else knows  
Ain't nobody else knows
