

The Kiffness, Please Go Away (Flamenco Edit) ft

I don't know what to do
I don't know what to say
So I say hey luga luga luga
Please go away luga luga luga

I don't know what to do
I don't know what to say
So I say hey luga luga luga
Please go away luga luga luga

I don't know where to run
I don't know where to hide
So I don't stay luga luga luga
I run away luga luga luga

Nowhere to run, nowhere to hide
I don't know what to do so I just say "Please Go Away"

Please go away
Please go away
