The Kiffness, Please Go Away (Flamenco Edit) ft

I don't know what to do I don't know what to say So I say hey luga luga luga Please go away luga luga luga

I don't know what to do I don't know what to say So I say hey luga luga luga Please go away luga luga luga

I don't know where to run I don't know where to hide So I don't stay luga luga luga I run away luga luga luga

Nowhere to run, nowhere to hide I don't know what to do so I just say "Please Go Away"

Please go away Please go away
