

# The Kinks, Something Better Beginning

They said this was the last dance  
The lights went dim as I looked round the floor  
Then I saw you standing there  
Then I walked up to you and I asked for this dance

The band had started to play  
I held you hand and I sighed  
Is this the start of another heart breaker  
Or something better beginning  
Something better beginning  
Something better beginning

I never thought I'd love like this until I met you  
I found something I thought I'd never had  
The only time I feel all right is when I'm with you  
I wonder how long it will last

I walked you home in the night  
The moon shone bright as we walked hand in hand  
I've known this joy once before  
But it came to an end just as it had began

Each step that I took with you  
Brought one thing closer to my mind  
Is this the start of another heart breaker  
Or something better beginning  
Something better beginning  
Something better beginning
