

# The Kinks, Wonder Where My Baby Is

Well I wonder where my baby is tonight  
I wonder where my baby is tonight  
I wonder where my baby's gone  
Hope she'll do no wrong  
Lookin' for my baby, she's not around  
I wonder where my baby is tonight

I wonder what on Earth's my baby's doin'  
If she's not at home there's trouble brewin'  
If she really loves me she'll believe in what I say  
Tryin' hard to find out where my baby is tonight  
If she's not at home I'd better go

Well I only know I wanna see my baby  
Went to call for her but she is gone right out of sight  
Looking for my baby  
She's not around  
I wonder where my baby is tonight

Well I wonder where my baby is tonight  
I wonder where my baby is tonight  
I wonder where my baby's gone  
Hope she'll do no wrong  
Lookin' for my baby, she's not around  
I wonder where my baby is tonight  
I hope that everything's gonna be all right  
Well I wonder where my baby is tonight
