

The Knocks, Slow Song (with Dragonette)

Staring at the the ceiling
I can feel you trying doors
I'd opened up before
But i'm the one with all the keys
And i'm the one who's walking round here
Like I own the joint

Oh i got ways to shake it off baby
And as long as you stay intoxicated
I'll keep beating your heart until I break it
Because you can take it
I'm gonna go crazy baby

I'm gonna play you
Play you right until the tracks done
Play you however many times I want
I'll play you like a slow song
I'll keep you spinning
Spinning circles till the groove's gone
And fade it out just like a setting sun
I'll play you like a slow song

You can flip back through the pages
And you won't find i was making any promises
You're the desert I'm the rain
And we both know I never I never stay
But still you wanted it

Oh I got ways of losing you baby
I'm faster than whatever you're chasing
I'll keep beating on your heart till I break it
and if you can take it
I'm gonna go crazy baby

I'm gonna play you
Play you right until the tracks done
Play you however many times I want
I'll play you like a slow song
I'll keep you spinning
Spinning circles till the groove's gone
And fade it out just like a setting sun
I'll play you like a slow song

Keep you, keep you spinning round
Play you again and again
Keep you, keep you spinning round
Play you again and again

I'm gonna play you
Play you right until the tracks done
Play you however many times I want
I'll play you like a slow song
I'll keep you spinning
Spinning circles till the groove's gone
And fade it out just like a setting sun
I'll play you like a slow song

i'm gonna play you
(Keep you, keep you spinning round)
I'm gonna play you
(Play you again and again)
(Keep you, keep you spinning round)
Play you so slow baby
(Play you again and again)

Oh I
I'm gonna Play you
(just like a slow song)
I'll play you again and again
