

# The Kooks, Down

Oh oh I'm here downtown  
There's a rumour baby  
You're planning to bring me down down down

Down, Down, digi, digi, to down  
Down, Down, digi, digi, to down  
Down, Down, digi, digi, to down

You tyna set me up  
Until you had to be  
Oh yeah you took me for honey  
You took me to honey  
You're talking behind my back  
You wanna watch me fall  
But I won't break  
I know you like to hit me,  
Look at the ground and tryna be me  
You tryna bring me down

Down, Down, digi, digi, to down  
Down, Down, digi, digi, to down  
Down, Down, digi, digi, to down

I'm so sexual, it's all about the [?]  
If you wanna be free, let me know  
Let me know what's next  
I'm gonna lift you up, then I'm gon' let you down  
Just to prove a point  
That you can't break a man who's already down

It's getting a little louder, louder  
A little louder louder, I said  
La la la la la la la la  
There's a rumour  
You shall bring me down

Down, Down, digi, digi, to down  
Down, Down, digi, digi, to down  
Down, Down, digi, digi, to down  
You gotta bring me down  
Down, Down, digi, digi, to down  
Down, Down, digi, digi, to down  
Down, Down, digi, digi, to down
