

# The Kooks, Give In

I want you  
And you want me  
And there's nothing stopping you  
From kissing me  
So I am tearing my hair out  
Because I want you  
Give in to your heart  
Don't let him sell you out  
Give in to your heart  
I won't let you be sold out  
I need you  
Do you still want me?  
There's nothing stopping us  
From touching each other  
Are you tearing your hair out?  
Because I already have  
Give in to your heart  
Don't let your life be bought over  
Give in to your heart  
Don't let him sell you out  
Him sell you out  
Give in, give in, give in to me
