

# The Kovenant, The perfect end

Look at me and tell me what you see  
I am not what you think I am  
Too weird to live, too rare to die  
Haloed in the headlights of death  
Is this Hell disguised as heaven?  
Is this death masquerading as life?  
So much is said, so little shown  
I see no reason, I feel no end  
This is not a happy ending  
This is not a last goodbye  
Open your eyes and stop pretending  
This is not the perfect end  
This is not a new beginning  
This is not a last farewell  
Open your eyes and stop pretending  
This is not the perfect end  
Stitched up like a ragged doll  
Wrapped around your naked soul  
I am what you know as temptation  
I am the ancient deception  
I wish I could leave this world behind  
I wish I had the will to end it all  
But I shall paint my nightmares  
And things will never be the same again  
This is not a happy ending  
This is not a last goodbye  
Open your eyes and stop pretending  
This is not the perfect end  
This is not a new beginning  
This is not a last farewell  
Open your eyes and stop pretending  
This is not the perfect end
