

The Kroisos, Keep me away from those dark nights

So beautiful you are
And your love is keeping me alive
So beautiful you are
Could you hold my hand and save me tonight?
I would like to stay
But evil is strongly calling my name
And I am too weak to make it go away
Make me stronger, with your love
Chorus:
Keep me away from those dark nights
Let your love light up my way
Take me home to the bright side
Don't let me drown in the deep unknown sea
If pain brings me down to my knees
Could I fall into your arms please?
How strong is your love?
I am asking myself
When I am crawling in the streets
Wasted, by booze, step by step losing
The chance to be loved by you
