

The Lightning Seeds, A Cool Place

There ain't no point holding back the touch
Still gonna get ya
'Cause every little bird's gotta learn to fly
Sooner or later
I don't wanna lose you
Can't always do what you wanna do
There ain't no point holding back the touch
Don't waste your time
'Cause everything is out there
And there's no limits out there
We could be reaching out for anything if we try enough
CHORUS
Let the daylight end
On a better day
it's been too long waiting, baby
Under a raincloud
There ain't no point holding holding back desire
Still gonna get ya
Strangers on a train driving through the night
Soon overtakes ya
If someone feels the same as you
Might as well just do what you wanna do
There ain't no point holding back desire
Don't waste your time
'Cause everything is out there
And there's no limits out there
We could be reaching out for anything if we try enough
(CHORUS X2)
'Cause everything is out there
And there's no limits out there
We could be reaching out for anything if we try enough
(CHORUS X4 AND FADE)
