

# The Lightning Seeds, Pure

Baby's eyes are black  
She's taken all the clothes  
She's never coming back  
The yes turned into no  
Oh you know  
you've made a fool of everyone  
Turn around  
And take a bow  
but everyone's gone  
[look at you]  
Hiding in the corner  
Wishing you were somewhere new  
Nothing is forever  
We're not so clever now  
You say I'll never learn  
I've been around the world  
You thought I'd never heard  
Oh you know  
I've let you down like everyone  
I messed around  
and took a bow  
But everyone's gone  
[look at you]  
standing on the corner  
Wishing you were somewhere new  
I promise it's the last time  
I lie to you  
[bridge]  
Oh you know  
You've made a fool of everyone  
Turn around  
And take a bow  
But everyone's gone  
[look at you]  
hiding in the corner  
Wishing you were somewhere new  
We didn't have the patience  
Punch and Judy do
