

The Long Blondes, Century

Catch me when I'm fallin'
Catch me when I'm fallin'
Catch me when I'm fallin'
Century Century Century Century
Everything I touch
Everything I touch
Everything I touch
Lightening trials of human love
Everything I touch
Everything I touch
Everything I touch
Lightening trials of human love
Once futuristic change
Now nostalgic knock-down
Traffic stops abandoned
Out of sync, out of fashion
Empty streets bely
Under ground a discerned you
Architecturally sheik
So then we can meet you
Everything I touch
Everything I touch
Everything I touch
Lightening trials of human love
Everything I touch
Everything I touch
Everything I touch
Lightening trials of human love
Shop lines in glass
A new world war
Untimeless beauty
All the rage, all the rage
Promises broken
Television erased
Nothing is sacred
Can-can dance to the golden age
White, Black
Gray, Light
Space, Crowd
White, Black
Gray, Light
Space, Crowd
White Black
Blocks, Borders
Space, Crowd
Century, century
Century, century
Century, century
Century, century
