

# The Lords, Calling From The Deepest Darkness

(music: Damien Lempiere, Catherine Lempiere, lyrics: Catherine Lempiere)

Under the thunderstorm, under the lightning  
The white wolf is roaring to death  
Like sign of evil, guided by lust and blood  
He's wandering the black mountain  
Searching for a bloody sacrifice

White wolf, King of Darkness  
Majesty of Blood, Guardian of the Black Mountain

The full moon is up  
Thirsty for blood, the white wolf obeys Satan  
The Lord of fire, his master  
White wolf, allegory of sacrifice and death  
Torture and pain and starvation  
The forest, deep and dark  
The mountain, black and cold  
His territory for devilish sacrifices

White wolf, King of Darkness  
Majesty of Blood, Guardian of the Black Mountain

Darkness, cold, wind, storm and fire  
Call the white wolf  
And the sacrifice shall begin

Like a call from the deepest darkness
