

# The Lords, Gates To The Blazing Kingdom

(music: Damien Lempiere, Catherine Lempiere, lyrics: Catherine Lempiere)

Touch me three times with your magic wand  
I will tell you the tale, my lord:

The one about the apocalypse  
No more sun, no more dreams  
Only dark, desert and cold lands  
The stars will, die, the moon will be frost  
Evil shall prevail, with pain and eternal suffering  
Invisible forcers will keep you  
Burning in the endless fire

You will never find the door to the eternal kingdom

But there is that other one  
Who's name is never pronounced  
Banished from Hell, from every kingdom  
From every book  
When time comes for the throes of death  
He will be the apocalyptic king  
The sword piercing your heart  
He will bewitch your mind  
He will keep you awake  
In fear and the unknown  
He is, my lord, your eternal wandering
