

The Lovely Feathers, Wrong Choice

You made the wrong choice. (x4)
Oh no,
Tears to drown us in
Oh no,
Felt it down to it
Oh no,
Heals up in a heart to it
Open knives
Your brain's on fire
Your growth is not going to survive.
I was a virgin,
I didn't deny it.
You were sinking my ship again.
I was alone,
Now I'm in love.
All alone on a country side.
What am I doin?
What am I doin?
What am I doin
On a country side?
You made the wrong choice. (x4)
Oh no,
Tears to drown us in
Oh no,
Felt it down to it
Oh no,
F***** up but you felt me in
Open knives
Your brain's on fire
Your bones are not going to survive.
I was a virgin,
I didn't deny it.
You were sinking my ship again.
I was alone,
Now I'm in love.
All alone on a country side.
What am I doin?
What am I doin?
What am I doin
On a country side?
You made the wrong choice. (x4)
Oh no,
Tears to drown us in
Oh no,
Felt it down to it
Oh no,
All alone, let me in
Open knives
Your brain's on fire
Your growth is not going to survive.
I was a virgin,
I didn't deny it.
You were sinking my ship again
I was alone,
Now I'm in love.
All alone on a country side.
What am I doin?
What am I doin?
What am I doin?
On a country side.
