

The Lynns, Nights Like These

(Peggy Lynn/Pasty Lynn)

Nights like these
Were made for love
With a blue moon
Shining up above
And I
Get lost in your eyes
And thrilled at your touch
Nights like these
Were made for love

Nights like these
Were made for love
With the stillness in the air
Our hearts soar like doves
And you
Know just what to do
That makes me feel so much
Nights like these
Were made for love

Look at the stars aren't they like
Diamonds in the dust
The world and all it's glory
Shining down us
Baby, baby, baby

Nights like these
Were made for love
With a blue moon
Shining up above
And I
Get lost in your eyes
And thrilled at your touch
Nights like these
Were made for love
Made for love
Made for love
Made for love
