

The Magic Numbers, Take a chance

What you gonna do when it all breaks down
Take another heart through this lonely town
What you gonna do when she turns around
And says I never ever thought that you'd be messing 'round
But then you dance dance dance with the woman that lets you
How's it gonna feel until I catch you
What you gonna do when she turns around
And says you broke another heart that was broken down
It's a crying shame, that the love you've made
Is a cross that you bear when it's cold
Why don't you leave me alone?
Take a chance with the woman that lets you
Take a chance with the woman that lets you
