

# The Magnetic Fields, I Don't Want To Get Over You

I don't want to get over you

I guess I could take a sleeping pill  
And sleep at will  
And not have to go through  
What I go through

I guess I should take Prozac, right?  
And just smile all night  
At somebody new

Somebody not too bright  
But sweet and kind  
Who would try to get you off my mind  
I could leave this agony behind  
Which is just what I'd do  
If I wanted to  
But I don't want to get over you

'Cause I don't want to get over love  
I could listen to my therapist  
Pretend you don't exist  
And not have to dream of  
What I dream of

I could listen to all my friends  
And go out again  
And pretend it's enough

Or I could make a career of being blue  
I could dress in black and read Camus  
Smoke clove cigarettes and drink vermouth  
Like I was seventeen  
That would be a scream  
But I don't want to get over you.
