The Magnetic Fields, If There's Such A Thing As

Now the clock is striking one So we might as well begin it, As there's dancing to be done And our time is not infinite.

If there's such a thing as love, If there's such a thing as love, I'm in it.

So you claim you love me too, Lloyd's of London guarantee it. Gaze into these eyes of blue, You do love me I decree it.

If there's such a thing as love, If there's such a thing as love, Give me it.

When i was two and a half, My momma said to me: "Love is funny you will laugh 'Til the day you turn three."

Like a kitten up a tree Needs a fireman to rescue it, So your fireman i will be And i'll really get into it.

If there's such a thing as love, (such a thing as love)
If there's such a thing as love, Let's do it.

I thought i'd known love before That was not it but I thought it So I thought i'd win the war Or I never would have fought it

If there's such a thing as love, (such a thing as love)
If there's such a thing as love, I've caught it.
if there's such a thing as love, (such a thing as love)
if there's such a thing as love, I've caught it.
If there's such a thing as love, (such a thing as love)
If there's such a thing as love, Love caught it.
