

# The Magnetic Fields, Sugar World

Please forgive me for all the things I've done.  
Sugar give me the love I need to carry on living.  
Living without you I'd just die

With you, with you I can hold my head up high  
And tell the crowd that I'm so proud  
It makes me want to cry

Sugar World of you  
Sugar World what can I do  
Sugar World you're so Sweet  
You're a Sugar World  
To me you're champagne or ruhr wine  
Will you make up your mind  
You're lemon or you're lime  
You're pecan or praline  
You're sky bar or cloud nine

Sugar save me, come on save me from myself.  
Enslave me, I never wanted anything else.  
Looking, looking into your candy eyes.  
Talking, talking about the day when I can  
Make a vow, but that's not now.  
It makes me want to cry.

Sugar World of you  
Sugar World what can I do  
Sugar World you're so Sweet  
You're a Sugar World  
To me you're champagne or ruhr wine  
Will you make up your mind  
You're lemon or you're lime  
You're pecan or praline  
You're sky bar or cloud nine
