

The Magnetic Fields, The Sun Goes Down And T

So the sun goes down and the world goes dancing
And the stars come out and they all go dancing
And there is nothing I'd like more
Than a twirl across this rickety old floor

I can't imagine why but I feel like dancing
And there is nothing in this world
That I'd like better than a twirl across your rickety old floor

Maybe it's you
You know your eyes are awful blue
Maybe it's more
Maybe you're all I ever waited for
After all the endless nights when I wished I could still cry
