

The Magnetic Fields, Wi' Nae Wee Bairn Ye'll Me

Wi' nae wee bairn ye'll me beget and twink a little dee
my only pain will be regret and made a novelty

but ill turn into a nightengale and song will warm my heart
well ill turn into a threshing machine and tear that bird apart

Wi' nae wee bairn ye'll me beget and twink a little dee
my only pain will be regret and made a novelty

but ill turn into a vampire and kiss you on the neck
well ill turn into a silver cross and send me back to heck

Wi' nae wee bairn ye'll me beget and twink a little dee
my only pain will be regret and made a novelty

but ill turn into a hydrogen bomb and atomize the air
well ill turn into a cockroach and youll see if i care

Wi' nae wee bairn ye'll me beget and twink a little dee
my only pain will be regret and made a novelty

but ill turn into a supernova and burn up everything
well ill turn into a black little hole and you'll turn into string

Wi' nae wee bairn ye'll me beget and twink a little dee
my only pain will be regret and made a novelty

but ill turn into GOD himself and you will come to me
then i will not believe in you and then where will you be?

Wi' nae wee bairn ye'll me beget and twink a little dee
my only pain will be regret and made a novelty

Wi' nae wee bairn ye'll me beget and twink a little dee
my only pain will be regret and made a novelty
