

# The Magnetic Fields, Xylophone Track

To my dear, dear mother  
I leave my only shoes  
To my dear, dear mother  
I leave my only shoes  
By the time you read this  
I will have died of the blues  
Scream little choo-choo  
Bang your xylophone track  
You can wait all night long  
but you can't bring her back  
I've done so much crying  
the flesh has left my bones  
I've done so much crying  
the flesh has left my bones  
I can play my ribcage  
like a xylophone
