

# The Maine, Everything I Ask For

She takes her time with the little things  
Love notes reminding me  
She wears red when she's feeling hot  
I have her but that's all I've got  
She looks best without her clothes  
I know it's wrong but that's THE WAY IT GOES  
I don't know what she sees in me  
But I'm happy that she's happy now  
That she's with me  
And I'm freakin' out  
Because I'm just so lucky  
Oh she makes me feel like shit  
It's always something  
But I can't get over it  
She thinks it's nothing  
Because she's  
Everything I ask for  
Everything I ask for  
And just a little bit more  
Everything I ask for  
Everything I ask for  
And so much more  
She loves music but she hates my band  
Loves Prince she's his biggest fan  
She's not big on holding hands  
But that's alright cause I've still got her  
She keeps up on current affairs  
PRADA IS WHAT SHE WEARS  
I don't know what she sees in me  
But I'm happy that she's happy now  
That she's with me  
And I'm freakin' out  
Because I'm just so lucky  
Oh she makes me feel like shit  
It's always something  
But I can't get over it  
She thinks it's nothing  
Because she's  
Everything I ask for  
Everything I ask for  
And just a little bit more  
Everything I ask for  
Everything I ask for  
And so much more  
Fist fights turn into sex  
I wonder what comes next  
She loves to always keep me guessing  
And she (SHE!)  
won't (WON'T)  
give it up.  
And we (WE!)  
Both (BOTH)  
know it's because...  
Oh she makes me feel like shit  
It's always something  
But I can't get over it  
She thinks it's nothing  
Because she's  
Everything I ask for  
Everything I ask for  
And just a little bit more  
Everything I ask for  
Everything I ask for  
And just a little bit more

Everything I ask for  
Everything I ask for  
And so much more  
Everything I ask for  
Everything I ask for  
And so much more
