

# The Maine, You left me

Oh, you left me with a broken heart  
And now I see you as I should of from the start  
Oh, you left me with nothing but a kiss  
And now I'm leaving you with these lips  
These lips  
Everything looked fine from here  
Everything looked more than clear  
But now you are gone  
And I'm still here  
So check it out (so check it out)  
I wrote it down (I wrote it down)  
In case you ever left us out  
And baby you can find me  
'Cause I quit right now  
Oh, you left me with a broken heart  
And now I see you as I should of from the start  
Oh, you left me with nothing but a kiss  
And now I'm leaving you with these lips  
Whoa whoa (You left me)  
Whoa whoa (You left me)  
Whoa whoa (You left me)  
whoa whoa (Baby, baby)  
[x2]  
So now I'm pressin'  
But I ain't stressin'  
She's got a man  
I'm with her best friend  
Tried at love but it never really stuck  
She said it's love but I didn't give a fuck  
Oh, you left me with a broken heart  
And now I see you as I should of from the start  
Oh, you left me with nothing but a kiss  
And now I'm leaving you with these lips  
Whoa whoa (You left me)  
Whoa whoa (You left me)  
Whoa whoa (You left me)  
whoa whoa (Baby, baby)  
[x2]  
You left me  
You left me  
Baby  
And now I'm better cause you left me  
I just left 'cause you let me  
Don't keep calling, just forget me  
Don't keep calling, just forget  
Oh, you left me with a broken heart  
And now I see you as I should of from the start  
Oh, you left me with nothing but a kiss  
And now I'm leaving you with these lips  
Whoa whoa (You left me)  
Whoa whoa (You left me)  
Whoa whoa (You left me)  
whoa whoa (Baby, baby)
