

The Manhattan Transfer, Pieces Of Dreams

Pieces of dreams
Islands and oceans
Lovers marooned in each other's arms
Just you and me
The sand and the sea
All alone and drifting it seems
Floating away on
Pieces of dreams

Two Robinson Crusoes
Castaway hearts
Shipwrecked in paradise come true
For me and for you
Lost among our pieces of dreams
Far from together
Halfway between now and forever

We'll watch the waves
On a beach where nobody can find us
We'll leave the whole world behind us
Just you and me -

Pieces of dreams
Floating away on
Pieces of dreams
Islands and oceans
Lovers marooned in each others arms
Just you and me
Adrift and so free
Making love and making believe
Shaping our lives from
Pieces of dreams
