

# The Matches, Darkness Rising

Come, come  
Come your darkness  
Come, come  
Come your private storm, come, come  
Your dark flood's rising

I'll be here  
I'll be here  
I'll be here

Come, come  
Come your hollows, come, come  
Come to rinse your eyes  
Come, come  
Your dark flood's rising

I won't disappear (I'll be here)  
I won't disappear (I'll be here)  
I'll be here

Come, come  
Come your confines  
Come, come  
Rain down your waiting world,  
Come, come  
Your dark flood's rising

Have no fear (I'll be here)  
I'll be here (I'll be here)  
I'll be here

Dark, dark floods rising  
Dark, darkness rising  
Come, come your darkness  
Rain down your darkness  
No matter how your demons, they rise to drive me off  
No matter, no matter, no matter how your demons try to drive me off  
I will not disappear  
Look at us and have no fear  
Look at me...  
I'll be here.
