

# The Mavericks, Just A Memory

(Raul Malo, Kostas)

Chorus

Memory can't you see  
That's not what I should be  
After all she meant to me  
I'm just a memory

Hand in hand we used to walk  
Heart to heart we used to talk  
Now she's gone and it will be  
I'm just a memory

Repeat chorus

Yesterday when she was mine  
There have been no better times  
And every night I think of when  
She'll come back again

Repeat chorus

After all she meant to me  
I'm just a memory
