

# The Mavericks, This Broken Heart

(Raul Malo)

This broken heart will never love again  
Because I don't want it to  
You came along and showed me  
I was wrong  
To think that I could never love you

Every time I run away  
I know you'll always stay

This broken heart will wear the pain she bore  
With you my heart won't break anymore

Every time I run away  
I know you'll always stay

This broken heart  
Will wear the pain she bore  
With you my heart won't break anymore  
No, with you my heart won't break anymore
