## The Mavericks, This Broken Heart

(Raul Malo)

This broken heart will never love again Because I don't want it to You came along and showed me I was wrong To think that I could never love you

Every time I run away I know you'll always stay

This broken heart will wear the pain she bore With you my heart won't break anymore

Every time I run away I know you'll always stay

This broken heart Will wear the pain she bore With you my heart won't break anymore No, with you my heart won't break anymore
