

The Medic Droid, Fer sure

Fer sure maybe fer sure not
Fer sure eh fer sure bomb
Pulled up at a stop light did drugs on the dashboard
Look at the mess we made tonight
Kick off your stilettos
Kick off your stilettos
And fuck me in the backseat
Fuck me in the backseat
You're always falling in disguise
And always quick to compromise
Kick off your stilettos [oh yeah]
Kick off your stilettos
And fuck me in the backseat [fa-fa-fa]
Fuck me in the backseat
Fer sure maybe fer sure not
Fer sure eh fer sure bomb
This is the end of what we planned [of what we planned]
And now
We're not falling in love
We're just falling apart
so girl let's dance the night away
This is how the beat goes
This is how the beat goes
Just let your body go
This is how the beat drops
This is how the beat drops
I wanna see your panties drop girl now
All this time is wasted pretending we're in love
But that's alright
cause you know I love being with you and seeing you cry
So don't let go-o-o
Well don't let go, no-o
Don't let go
Fer sure maybe fer sure not
Fer sure eh fer sure bomb
Pulled up at a stop light did drugs on the dashboard
