

The Methadones, What Went Wrong

When you are nice to everyone but me
You can justify almost anything but what should I believe?
When I start to feel we don't belong
And all I know is that we can't go on this way
Tonight if I put my arm around you
Will you act annoying and push it away?
Does this come from the jerk before me?
I hope there's time we can start over again
What went wrong? Ohhhh
What went wrong? We can't go on this? What went wrong?
I can see you slip away - it's felt so long
What went wrong?
