

# The Mighty Mighty Bosstones, Nevermind Me

He didn't hit me for a home  
Or hit me up 'cause he was cold  
He was addicted to drugs  
And I could see that in his eyes  
What about me?  
Well I was only rolled

He didn't rob me for food  
It wasn't hunger, but a jonze  
He needed a fix,  
Someone will fix my broken bones

And I'll feel better in the morning  
The pain will fade as time goes by  
What was taken,  
I won't miss, or I'll replace  
Nevermind me, well I'm all right

He seemed to hate what he was doing  
He sure knew how to get it done  
Possessed by an addiction  
I don't have to comprehend  
What about me?  
Well he whipped me with a gun

He didn't rob me for food  
It wasn't hunger, but a jonze  
He needed a fix,  
Someone will fix my broken bones

And I'll feel better in the morning  
The pain will fade as time goes by  
What was taken,  
I won't miss, or I'll replace  
Nevermind me, well I'm all right

I'll feel better in the morning  
Nevermind me, I'm all right  
I'll feel better in the morning  
Nevermind me, I'm all right  
I'll feel better in the morning  
Nevermind me, I'm all right  
And I'll feel better in the morning  
Nevermind me, I'm all right
