

The Mighty Mighty Bosstones, Police Beat

(Original song by SS Decontrol)

Police pick me out of the crowd, 'cause I dress different, act real loud.

Police, Police

There's no questions asked, They just wanna kick my ass.

Police beat me, Police kick me, Police chase me, Police mace me, Police cuff me, Police rough me

Just to show how tough they be

Police Police

Police who judge me... why won't they just let me be? Police Police
