

# The Mission, Afterglow (Reprise)

Lay down your arms and surrender to mine  
Let me release you from your tangled skein  
Burn down your temples and your holy shrines  
Sift through the ashes for the truth that shines  
No more weeping or wringing of hands  
Come with me to the promised land  
Close your eyes and we'll go down slow  
We're gonna drown in the afterglow

In the aftermath of Babylon  
All the pimps and whores have gone  
All the guilt has been laid to rest  
Just remember mother never knew best  
Tear down the walls raze them to the ground  
Your ivory tower we'll burn it down  
And in the evening when the sun gets low  
We're gonna drown in the afterglow
