

The Mission, Fabienne

A sheer moon
Bless her silken heart
Head in the clouds
Trick or treat on the tip of her tongue
And she kisses the sky
Waiting for the stars to come out and shine
Fabienne let me kiss the moon
Fabienne let me kiss
Let me kiss the moon
And shooting the line
And heaven be praised
The hard shine

She's pure in thought and
Hand on heart and heaven sent
Childish eyes
Reaching for the stars

Betray the love of the innocent
With a trembling hand
Fabienne let me kiss
Fabienne let me kiss the moon
Let me kiss the moon
Let me kiss the moon

Fabienne let me kiss the moon
Fabienne let me kiss the moon
Fabienne let me kiss the moon
Fabienne let me kiss

Let me kiss the moon
