

The Mission, Like A Hurricane

Once I thought I saw you in a crowded hazy bar
Dancing on the light from star to star
Far across the moon beam, I notice who you are
I saw your brown eyes turn and watch the fire

You are like a hurricane
There's calm in your eye
And I'm getting blown away
Somewhere safer where the feelings stay
I wanna love you but I'm getting blown away
Away, away, away

I'm just a dreamer and you are just a dream
And you could have me anyone to me
Before that loving you touched my lips
The perfect feeling when time just slips away between us
And the foggy trip

You are like a hurricane
There's calm in your eye
And I'm getting blown away
Somewhere safer where the feelings stay
I wanna love you but I'm getting blown away
Away, away, away
Away, away, away, away

You are just a dreamer and I am just a dream
And you could have me anyone to me
Before that loving you touched my lips
The perfect feeling when time just slips away between us
And the foggy trip

You are like a hurricane
There's calm in your eye
And I'm getting blown away
Somewhere safer where the feelings stay
I wanna love you but I'm getting blown away
