

The Mission, Mercenary

You're a sycophantic, bullshitting, cock sucking, arse licking, mercenary
Mind numbing, money grabbing, motherf**king scum of the earth, mercenary
You're a cringing, grovelling chicken shit, pissing waste of time
You're a crawling, whining hypocrite, you f**king piece of slime
You can take the money and run, but there's nowhere you can hide,
You arsehole mercenary

Send you woman I done by(?)
But you took me for a ride, you shitty mercenary
You're a parasite of the f**king world, cockroach I wanna kill
If I don't catch you first then instant karma will
So screw you, f**k you
Screw you, f**k you
You're a cringing, grovelling chicken shit, pissing waste of time
You're a crawling, whining hypocrite, you f**king piece of slime
