

The Mission, Mesmerised

I wanna feel again the thrill of the first kiss
I've never wanted anything more than this
I wanna feel again the blinding sheer delight
My senses scorched desire that flames so bright

I'm mesmerized hypnotized by you
I'm mesmerized so beguiled by you
I'm mesmerized by you

There's too many years and an ocean between us
And in the eyes of the world I'm scorned as a libertine
But you are my muse you are my Venus
And I watch move devotion comes serene

I'm mesmerized hypnotized by you
I'm mesmerized so beguiled by you
I'm mesmerized by you and your sea green eyes
One glance and I'm mesmerized
Entrance and I'm hypnotize by you
You mesmerized me

With just the promise of a kiss I'm enrapture
I wanna feel you touch you hold you and caress you
Within this moment of bliss I'm encaptured
I wanna ravish you thrill you enchant you and possess you

I'm mesmerized hypnotized by you
I'm mesmerized so beguiled by you, beguiled by you
I'm mesmerized hypnotized by you
I'm mesmerized so beguiled by you
I'm mesmerized by you
