Sit back enjoy the show
There are miles to go,

This could be the night
The only night
But something you should know

Tonight I'll hold you tight
But I won't come back again.

Don't think it's wrong
I just need somebody
Life goes on
Life goes on

So Stay with me tonight
This only night
Don't forget, you know

So stay with me tonight
This only night
And don't forget you know
