The Moffatts, Say'n I love you

Saying I love you, it's the hardest thing to do
and if I ever do, girl I'll always be true

I may not be the best
Looking guy you ever knew
But I can show you love
That willa lways be true
And when your skies turn grey
My love will guide the way
And if these words that I hold
Could only be told

Saying I love you, it's the hardest thing to do
and if I ever do, girl I'll always be true

And when your tears fall to the ground
I will pick you up when you're feeling down

Saying I love you, it's the hardest thing to do
and if I ever do, girl I'll always be true

And when your tears fall to the ground
I will pick you up when you're feeling down

Saying I love you, it's the hardest thing to do
and if I ever do, girl I'll always be true
