

The Moffatts, Saying I Love You

Saying I love you,
it's the hardest thing to do
And if I ever do, girl I'll always be true
I may not be the best
Looking guy you ever knew
But I can show you love
That will always be true
And when your skies turn grey
My love will guide the way
And if these words that I hold
Could only be told
Saying I love you, it's the hardest thing to do
And if I ever do, girl I'll always be true
And when your tears fall to the ground
I will pick you up when you're feeling down
Saying I love you, it's the hardest thing to do
And if I ever do, girl I'll always be true
And when your tears fall to the ground
I will pick you up when you're feeling down
Saying I love you, it's the hardest thing to do
And if I ever do, girl I'll always be true
