

# The Moldy Peaches, On Top

Just a cool cat in a small town (small town)  
Working my ass at a Walbounds (Walbounds)  
Waiting to groove in a hip town (hip town)  
Get down  
I'm waiting for the sound of a new town  
Trying to avoid a little beat down (beat down) of a white boy who thinks that he's down  
(he's down) That's me  
And I'm waiting to succeed  
I might be just a little kid but I know what rocks  
Rap is out the Moldy Peaches are at the top  
We hate dance and we hate rap  
But we like to contradict ourselves  
And that's alright (x 2)
