

# The Monkees, A Little Bit Me, A Little Bit You

Walk out,  
Girl don't you walk out  
We've got things to say  
Talked out, let's have it talked out  
Things will be okay

Girl  
I don't want to find  
That I'm a little bit wrong  
And you're a little bit right  
I said girl  
You know that it's true  
It's a little bit me, (a little bit me)  
And it's a little bit you... too

Don't know... just what I said wrong  
But girl I apologize  
Don't go... here's where you belong  
So wipe the tears from your eyes

Girl  
I don't want to find  
That I'm a little bit wrong  
And you're a little bit right

I said girl  
You know that it's true  
It's a little bit me  
And it's a little bit you... too

Instrumental

Oh girl  
I don't want to find  
I'm a little bit wrong  
And you're a little bit right  
I said girl  
You know that it's true  
It's a little bit me  
And it's a little bit you... to

It's a little bit me  
It's a little bit you  
Girl don't go  
no no no no no  
Girl don't go  
no no no no no  
Hey girl
